Creighton University Homecoming • Sept. 17-20
Dear Fellow Creighton Alumni:

There’s no place like Creighton. Having just ended my tenure as interim University president, I can attest to that more than ever! This year we are fortunate to be celebrating not only alumni coming home, but also an opportunity for many in our Creighton community to meet the new president, Rev. Daniel S. Hendrickson, S.J.

I invite you to return this September to fully experience the School of Pharmacy and Health Professions with a celebration filled with continuing education, class reunions, the President’s Alumni Dinner, Getting Blue Block Party, and much more.

• **Reconnect with friends**, faculty, staff and students at Friday night’s Dean’s Cocktail Reception and President’s Alumni Dinner, as well as during Saturday’s family-friendly Getting Blue Block Party and class reunions.

• **Return to the classroom** for continuing education led by favorite faculty and leaders in health care.

• **Honor professional excellence** at a special afternoon talk, Q&A and reception with retiring Professor Ron Hospodka on Saturday, and celebrate the accomplishments of alumni award recipients at the president’s dinner Friday evening.

• **Experience the campus** through the many activities planned including Saturday’s Golf Cart Parade on Venteicher Mall.

I look forward to providing a school update during the Dean’s Cocktail Reception and talking to you at many of the events throughout the weekend. We welcome our entire alumni family home — see you in the fall.

Warm Regards,

J. Chris Bradberry, Pharm.D., Dean

Robert M. Albers
BS’71, BSPha’76
Robert Albers grew up in the farming community of Humphrey, Neb., with his five brothers and one sister — where he attended Humphrey St. Francis High School. He graduated from Creighton University in 1971, with a Bachelor of Science degree. After a short tour with the National Guard Medical Unit, Albers returned to Omaha. Upon the recommendation from friend and peer, Dr. Joseph B. Wiederholt, BSPha’73, Albers attended the School of Pharmacy and Health Professions.

Albers married his wife, Vickie, in 1970 and moved to the south Omaha community. He was hired by Ed Rexall to work at Ed Rexall’s Health Mart Pharmacy after “showing great gumption” when he returned to the pharmacy on the day following his interview to tell Ed, “You are 150% of what I want to be.”

After Rexall’s passing, Albers purchased the pharmacy. To this day, they continue to serve the individuals in their community in which they live and work by providing quality customer service at Ed Rexall’s Health Mart Pharmacy. Albers puts the needs of his customers at the center of his universe and values every person who walks through his doors.

Albers is a quiet leader in the south Omaha community. He is a family man, supports his parish and supports little league teams in his community. He and his wife have three children, Jason, Ryan and Kelly.

“My legacy here is leaving a valuable asset to the neighborhood,” said Albers. He cites both his father, who put all six of his kids through college, and Wiederholt, as the greatest influencers on his life.

Will be recognized at “Floats with Faculty” Saturday afternoon.

Ron Hospodka, B.S., M.A.
Special assistant to the dean for professional affairs

Ron Hospodka, native of Verdigre, Neb., graduated from the University of Nebraska-Lincoln in 1965 with a degree in pharmacy. After receiving his master’s degree in pharmacy and pharmaceutical chemistry, and conducting a brief teaching engagement with UNL, he said “yes” to a request from a friend in Kearney whose pharmacy was struggling. Over the next two years, he helped to revitalize the pharmacy.

He continued his education, receiving his MBA from the University of Nebraska-Lincoln in 1968. From 1974 to 1981, Hospodka worked nights at Bryan Memorial Hospital in Lincoln, implementing cutting-edge programs. From 1981 to 1985, he worked at the Veteran Administration Medical Center in Lincoln, while also owning and operating a small community pharmacy. In 1978, Hospodka joined the Creighton University staff part-time, teaching pharmacy management. The position moved to full-time in 1985 and he has remained a part of the Creighton family. He celebrated 30 years of service with Creighton in 2013.

Hospodka is considered an expert in pharmacy law and a truly unique teacher by current students and alumni. In 2015, Hospodka was elected Pharmacy Outstanding Educator of the Year by the Class of 2018 and received the Dr. Pete Ellerbeck Memorial Outstanding Faculty Award.
